IRDAI Annexure-I: Standard List of 68 Non-Payable Items & Subsumed Consumables

IRDAI Annexure-I: Standard List of 68 Non-Payable Items & Subsumed Consumables

Part A: Toiletries, Personal Comfort & Administrative Items (Items 1 to 35)

Regulatory Standard: IRDAI Guidelines on Standardization in Health Insurance (Annexure-I).

Items marked as 'non_payable_unless_rider' are excluded in base policies unless the policy includes a Consumables Rider (such as HDFC ERGO Protect Benefit, Niva Bupa Safeguard+, or Star Extra Protect). Items marked as 'subsumed_in_room_charges' or 'subsumed_in_procedure_charges' CANNOT be billed separately by the hospital and must not be deducted from the patient if part of standard room/procedure tariffs.

Item No.	Item Name	Payable Status	IRDAI Billing Rule
1	Baby Food	non_payable_unless_rider	Not payable under base inpatient claim unless rider active
2	Baby Utilities Charges	non_payable_unless_rider	Not payable unless consumables rider is active
3	Beauty Services	non_payable_unless_rider	Non-medical personal comfort item
4	Belts / Braces	payable_when_part_of_discharge	Payable when prescribed for post-surgical stabilization
5	Buds / Cotton Swabs	subsumed_in_procedure_charges	Subsumed in surgical/nursing charges; hospital cannot bill separately
12	Crepe Bandage	non_payable_unless_rider	Non-payable unless covered by consumables rider
14	Diapers / Underpads / Adult Diapers	non_payable_unless_rider	Non-payable unless consumables add-on is active
18	Eye Pad / Eye Shield	subsumed_in_procedure_charges	Subsumed in ophthalmic procedure tariff
21	Foot Cover / Shoe Cover	subsumed_in_room_charges	Infection control overhead; subsumed in room/OT charges
24	Gown / Patient Gown	subsumed_in_room_charges	Subsumed in room rent; cannot be charged separately to patient

Part B: Medical Disposables, Surgical Consumables & Kits (Items 36 to 68)

Critical Rule for Hospital Bill Auditing: Hospitals frequently bill Surgical Gloves, Syringes, Nebulization Kits, Oxygen Masks, and Sanitizer separately. Under IRDAI Annexure-I, several infection-control items are subsumed in Room/OT charges, while patient-specific disposables require a Consumables Rider unless subsumed.
